**SECONDHAND SMOKE CAMPAIGN**  
**Time to Protect All San Franciscans**

Endorsement Form

Every day, San Francisco residents, workers and visitors are harmed by secondhand smoke that they cannot avoid. Whether in a hotel or motel lobby, eating in an outdoor restaurant, walking through a building entrance, doing laundry in their apartment buildings, or simply waiting in line for a show, San Franciscans are exposed to secondhand smoke that irritates their eyes, noses and throats, triggers allergy or asthma attacks and can make chronic lung and other serious health problems worse.

It's time to update the city's decade old ordinance and close the loopholes in the law to help San Franciscans who are not protected from exposure to secondhand smoke.
